

Dr. Nimesh Patel consulting with a patient at Panorama Orthopedics

WHO WE ARE

Dr. Nimesh Patel and HipPreservation.org connects patients from around the world to **specialized hip dysplasia care** in the U.S. This is led by a group of fellowship-trained orthopedic surgeons at **Panorama Orthopedics** and **OrthoColorado Hospital**.

We focus exclusively on hip preservation procedures, including:

- **Periacetabular Osteotomy (PAO)**
- **Labral Repair**
- **Femoral Osteoplasty**

These are highly technical surgeries that most patients around the world cannot access locally.

Refer Patients for Fast-Track Hip Surgery in the U.S.

Specialty Hip Dysplasia Surgery for International Patients

Powered by HipPreservation.org & Dr. Nimesh Patel | Colorado, USA

WHY THIS MATTERS

IN CANADA, THE UAE, AND INDIA, PATIENTS OFTEN:

- **WAIT 12+ MONTHS FOR SURGERY**
- **FACE A SHORTAGE OF EXPERIENCED HIP PRESERVATION SURGEONS**
- **ARE UNDIAGNOSED OR LEFT IN CHRONIC PAIN**

THESE DELAYS CAN LEAD TO ARTHRITIS, JOINT DAMAGE, OR UNNECESSARY HIP REPLACEMENTS.

WHAT WE OFFER

We've created a **streamlined path for international patients** to receive expert care in the U.S., including:

- Virtual consults within **7 days**
- Surgery within **6 weeks**
- Support with **travel coordination** and **post-op recovery plans**

All-Inclusive Package

Includes consult, imaging review, surgery, hospital stay & post-op coordination.

This service is ideal for **private-pay clients** or families willing to travel for elite orthopedic care.

HOW WE CAN WORK TOGETHER

We're seeking concierge partners who:

- Work with clients facing orthopedic delays or misdiagnosis
- Coordinate medical travel or second opinions
- Value access to trusted U.S.-based providers

 **Have a patient in need? Email us to discuss how we can support them.**
